DOCTOR NAINA

Bariatric Surgeons Specialist

Dr Naina joined Shroff Eye Centre in 2009. She is proficient in cataract surgery, including micro-incision phacoemulsification and foldable intraocular lens implantation, and refractive surgery including bladeless femtosecond LASIK. She is also a recognized expert in the fields of cornea and glaucoma.

Dr Naina has been an award-winning student, having received many Gold medals and has numerous scientific publications to her credit. She was also the Principal Investigator in international multi-centric trials. She has been regularly invited for talks at national and international meetings. She is a reviewer for many international journals, and is the first author of a book on OCT "Step by Step Optical Coherence Tomography".
